

McAlister Intermediate School invites you a presentation of

Demystifying the Connecticut Mastery Test

Wednesday, February 10, 2010

6:00 P.M. – 7:00 P.M.

McAlister Intermediate School

This evening presentation is designed to introduce our parents to the Connecticut Mastery Test (CMT). The CMT is administered to all of our students during the first two weeks of March. Our three Curriculum Coordinators will present the following information in a fun and meaningful hands-on presentation:

- an explanation of how and when the CMT is administered
- details on how the CMT objectives align with the Suffield curriculum in Math, Science and Language Arts and how the objectives are a natural aspect of regular classroom instruction
- details on how parents can help their child to perform at his or her peak during testing
- an explanation of how the results are used by McAlister teachers in order to set instructional goals and improve teaching and learning
- a review of how to read test results when they are received

This presentation is intended for all parents of students in grades 3-5. If you would like to participate, please fill out and return the bottom section of this form! We look forward to seeing you there! ☺
